
MAURIZIO CANEPPELE, Managing Director.

Of Italian stock and education, after completing his classical studies he graduated in mechanical engineering from Milan Polytechnic, before venturing into the cement industry.

Later he honed his managerial skills through an International Executive Program at Insead.

A decade in cement and plaster manufacturing in Italy and France was a prelude to an intense stint in International Development with Italcementi Group in the 90's, especially in Asia.

He has now entered his tenth year of Indian operations, as representative of Italcementi Group in the Country and has been Managing Director of Zuari Cement since 2003.
